

XVI. WRIST SURGERY COURSE

Osteoarthritis of CMC1 and STT and Prosthesis in the Hand
Course with Double Workshop from 13.05. - 14.05.2022
IRCAD Institute in Strasbourg

Kunstwerk von DxDiane

Dear colleagues,
due to the Corona Crisis, this years course will be moved entirely to Strasbourg.
I am extremely thankful to IRCAD and their team to take over the course.

Some might think everything is solved in Osteoarthritis of CMC1, but once you have had a look to the program, you will understand that many arguments could raise our interest. In addition, all aspects of Prosthesis in Hand Surgery shall be discussed.

We will discuss these aspects at the IRCAD in Strasbourg.

For selected participants we will continue with our double workshop on cadavers.

The first 40 registered participants will be admitted.

The course will deal with either open or arthroscopic surgery.

Official language will be English. We hope to see you in Strasbourg, for what is sure to be an exciting and productive symposium.

Best regards,

Prof. Max Haerle
Clinic for Hand and Plastic Surgery

Prof. Dr. Max Haerle
